## ANZAC DAY MARCH SYDNEY 2021

### 2021 Anzac Day March Report

For the first time in a long time the weather was kind to the organisers of the ANZAC March it was a beautiful Autumn day however due to COVID restrictions the march was cut down in size along with the crowds lining the streets.

Once, again we had support of uniformed troops from the Geospatial Intelligence Wing.

The participation of the uniformed personnel who man our banner (it requires 4 to tend it) really sharpens up our group's appearance.

Many thanks to Geomatic Intelligence Wing for organising the military contingent and their transport.

There were 7 ex Survey members which was half the size of the 2018 march plus Wing Sergeant Major WO1 Graham Symes and 12 uniformed troops from GIW.

Attending Ex Survey Corps members, Phil Bannister, Bob Campbell, Frank Fischer, Grant McGuinness, John Siddons, Tom Stockwell, John McCulloch.

#### Apologies.

The Attached Photo of a T4 theodolite used by Division of National Mapping T4/22675 today with the University of Melbourne.  
 There is a search for the T4 and ID number of the T4 used by the Survey Corps which was held at the Army Museum at Holsworthy.  
 Paul Wise is writing a paper on the T4 theodolite And would like any information on the use of the T4 by the Survey Corps.
